

# Recreation Leaders Day

## Monday, September 18, 2006

**NWT  
RECREATION  
& PARKS  
ASSOCIATION**

The NWT Recreation & Parks Association thanks all the hard working community Recreation Coordinators, Staff and Volunteers.

We recognize your valuable contribution to the North and its residents through your efforts to promote recreation, sport and healthy, active lifestyles in our northern communities.

Recreation, sport and active living opportunities are an important part of a community's social fabric and provide numerous health, social and economic benefits. These programs would not exist without your dedication!

On September 18, 2006 we encourage all NWT residents to join us in celebrating Recreation Leaders Day and recognizing the great job recreation coordinators, staff and volunteers do in your community.

## **Thank you for your incredible work!**
